Hello!

Please accept my materials in consideration for Vice President for the Board of Women in Film & Media Colorado.

It has been such a pleasure to serve as a member-at-large for two years. I have learned so much about the Colorado film community since I have moved to Denver in 2017 and become involved with WIFMCO. I have also been blessed to have found such wonderful friends through this Board. Let's hope we can continue the amazing founding spirit and momentum!

My resume and headshot are attached to my email.

Statement of Purpose

As Vice President, I hope to continue to serve our film and media community by helping to lead us into our next chapter of growth.

I've had the honor of serving on the board as a Member-At-Large for two years and have helped organize and host our first Producer Panel event, moderate our Director Panel, and create and launch our new brand identity for WIFMCO. We've accomplished a lot but have much to do to continue creating opportunities in the film and media industry for women, people of Color, the LGBTQ community, and other under-represented groups.

My life has been dedicated to two core passions: visual storytelling and championing diversity, equity, and inclusion in the creative industries. I hope to continue on that path to bring vision, strategy, and brand-building leadership to a growing and vital organization.

Abbreviated Statement of Purpose

As Vice President, I will continue to serve our film and media community by helping to lead us into our next chapter of growth. WIFMCO is creating real and positive impact for our community and I hope to continue on that path to bring vision, strategy, and brand-building leadership to a growing and vital organization.
